

QualityManagerComponent

```
classDiagram
    class QualityManagerComponent
    class CtrlComm
    class QOSProcessor
    QualityManagerComponent <|-- CtrlComm
    QualityManagerComponent <|-- QOSProcessor
```

The diagram illustrates a class hierarchy. At the top is the 'QualityManagerComponent' class. Below it are two subclasses: 'CtrlComm' on the left and 'QOSProcessor' on the right. A horizontal line connects the two subclasses, with an upward-pointing arrow from the center of this line to the bottom of the 'QualityManagerComponent' box, indicating inheritance.

CtrlComm
